Summer Vacation Activities 2021-'22
GRADE III

Dear Parents,

Our brave children have completed yet another milestone in the field of education by changing the platform of learning to online e-learning even in these unprecedented times.

A big round of applause to all our ☆*Super Stars*☆ of NHS as they braved all the odds & have overcome this phase in life at a very young age.

As Summer break is round the corner, the school has planned some exciting fun activities to enhance the 21st Century learning skills.

Kindly guide & encourage your child to do these fun activities during the summer holidays.

Note: Submit the given homework in a folder by labelling it with your child's name, class & section and Admission number. Students must decorate the folders using their creativity & innovation.

General Instructions:

The homework for all the subjects must be compiled in one folder only. Use separators for each subject with a plain/colourful sheet mentioning the name of

the subject. The folder can be submitted at school. Pictures to be uploaded in the Google Classroom File for each subject separately.

The hardest walk is walking 🧑 alone, but it's also the walk 🧑 that makes you the strongest 💪. Happiness is being independent 🎀 🏆

Good luck 🍀 🌸

Stay Safe

Kindly note: Textual Exercises & Class work notebooks should be completed during the holidays.

ENGLISH:

MY WORD DICTIONARY:-

Prepare a Word Dictionary having a minimum of 5 words for each English Alphabet letter [A-Z]

They should be new words, write the meaning as well, this will enhance your vocabulary. Make a beautiful cover page and put a nice handmade bookmark in it with a moral value written on it.

HANDWRITING:

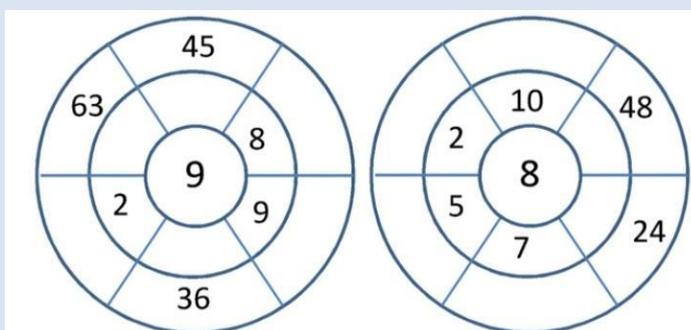

Summer break is a perfect opportunity to improve your handwriting. Let us do transcription of 30 pages in a thin notebook. You may copy down the lessons from your English Course book/Literature reader/Any other book of your choice.

Cursive handwriting only.

MATHEMATICS:

1. PLANET PUZZLE: Find the number of moons each planet has and write the names of the planets in descending order according to the number of moons they have. Every planet in the Solar system has an Indian(Arabic) name, also write the Indian(Arabic) names of the planets in Hindi(Arabic) too.

2. Multiply inner numbers together to get outer numbers. Complete it. (*Learn Multiplication tables from 2 to 12)

SCIENCE:

1. “If you want to make the Earth fantastic, say no to plastic”

Make a paper bag from an old newspaper and write a meaningful message of your choice on it to spread awareness about the environment.

2. “From a tiny seed, an informative observation may grow”

Let's do a Fun Activity-

a) Put some soil in two jars, sow some seeds (chickpeas, kidney beans) in them.

b) Keep the jars in sunlight and water them regularly.

c) When the plants grow from the seeds, close one jar and observe for 2-3 days. What do you observe? Write in your notebook and give reasons for the same. Click pictures and stick in the notebook.
